## Receipt Round Up

Grab some old shopping receipts and see if your child/ren can round up the total cost of the receipt to the nearest 5p, 10p, 50p and £1.

You could also ask them to round up to the nearest  $\pounds 10$ .

Another idea is to see if they can give you the correct change from a set amount of money you give them. e.g. if you have a receipt for  $\pounds 25.85$ , you would ask them how much change you would get back from  $\pounds 30$ .
