

Spelling Bingo

You will need:

The spelling cards, numbers 1 - 12 cards, 2 containers and the spelling bingo sheets.

Two players and a bingo caller

The aim of the game is to test spellings already covered, in a fun way.

How to play

Each player fills in the top half of every rectangle on their bingo sheet, writing any number between 1 - 12. The bingo caller places all the numbered pieces of paper in one container and all the spellings in another. First the bingo caller picks a number and the players check to see if they have written that number on their sheet. Next the bingo caller picks a spelling and if any player has that number, they then attempt to spell the word in the lower half of the rectangle, below the number.

The bingo caller must say the word clearly and if it is a homophone, put the word into a sentence.

Play continues until someone shouts line, for 3 in a row or full house for a completed board.

The winner is the first person to complete the board, spelling all the words correctly.

Make a note of any words spelled incorrectly, as they will need to be revisited using either the one minute or roll and spell games. Correctly spelled words can be removed from the container, but keep the others to form part of the next game.
