

## All about me

You will need:

Template outline of a person (google body templates or draw on A4 piece of paper)

Old magazines, catalogues (Argos)

Photos, odds and ends from around the house

Glue and scissors

### Activity

You are going to create a collage that represents YOU.

So think of all the things that you like to do and that make you the wonderful, special and unique person that you are! For example: hobbies, food, games, clothes, pets, tv programmes, books, music sports, colours, the list is endless. You can draw pictures too.

Using the resources that you have found, cut out pictures etc. and stick onto your template.

This is such a fun activity to do and you will be AMAZED at how many things you find that make you YOU! (you could also get your adult to make one too and compare how different/similar they are).
