

## **The Rainbow Hunt**

Can you name the colours of the rainbow?

Choose a colour. Can you and a member of your family find an item in your home of the colour you have chosen?

Keeping it hidden, can you encourage your family member to ask questions to find out about the item you have chosen or show it to your family member and tell them what it is and where you found it, remembering to take turns in conversation and listen?

Allow your family member to show what they have, remembering to listen and ask questions if you can.
